

List of social protection / social security topic papers in www.socialprotection.net

To retrieve articles, go to the home page, select the relevant alphabetical part of the index and then select the topic from the alphabetical list displayed.

A

Adequacy 123

Ageing of the population 126

Appeal – right of 163

Administration - overview 81

- Community administration 152
- Community management 89
- Customer service 82
- Fraud prevention 103
- Legal basis for social assistance schemes 157
- Local government involvement 151
- Managing a social protection reform project (presentation) 287
- Measuring organisational performance (presentation) 286
- National government involvement 149
- NGO administration 154
- Outsourcing 95
- Provincial government involvement 150
- Regulations 109
- Responsibility of different levels of government 148
- Retirement pensions 58
- Rules – responsibility for setting 160
- Safety nets 148
- Semi-government responsibility 153
- Service delivery models 83
- Service delivery trends (presentation) 288
- Social assistance 148
- Technology 115
- Unemployment assistance 75

Appeals

- Overview 163
- Basis for appeals 165
- Mechanisms 164

Assets – targeting by 142

B

Biography – Keith Ogborn 231

Buying (see procurement)

C

Category – targeting by 143

Child Support Programs – overview 30

- Alternative forms of care 242
- Care of children by other family members 243
- Child labour 241
- Child protection overview 239
- Defining a child 31
- Eligibility for child benefits 34
- Foster arrangements for care of children 244
- Income testing families 36
- Incentive to attend school or university 32
- Means tested and universal child benefits 35
- Protecting children inadequately cared for by parents 271
- Residential care institutions 245
- Structure of child benefits 33
- Structure of child payments (presentation) 283

Community – administration of safety nets 152

Community groups (NGOs) – overview 89

- Agreements with community groups 92
- Appropriate tasks for community groups 90
- Encouraging private contributions to social protection 93
- Selection of community groups 91
- Use of NGOs in providing welfare services 8
- Management of safety nets 154

Community services – see “welfare services”

Community-based welfare services 4

Compliance (see Fraud)

Concepts in social protection

- Overview 122
- Adequacy 123
- Equity 124
- Funding 232
- Incidence 125
- Population Ageing 126
- Incentives 127
- Measuring poverty 128
- Means Tests 129
- Typology of approaches to social security 233

Consumption – targeting by 144

Contracts

- Development 101
- Managing 100
- Software maintenance contracts 101
-

Cost of living implications of power subsidies 28

Crisis assistance 196

- Change management 88
- Communication 87
- Measuring customer satisfaction 85
- Measuring performance 86
- Service delivery models 83
- Training of staff 84

D

Data standards 132

Decentralisation of welfare services 6

De-institutionalisation 5

Demogrants – see “social assistance” or “universal payments”

Devolution of responsibility for welfare services 7

Disability (see “people with disabilities”)

Disabled (see “people with disabilities”)

Discretion in decision making 162

E

Education

- Incentives to attend school or university 32

Elderly – support for 220

Eligibility

- Child benefits 34
- Retirement pensions 38
- Unemployment assistance 211

Emergency assistance (see “crisis assistance”)

Employment programs (see “unemployment assistance”)

Enforcement of legislation and rules – see ‘Fraud’

Energy – reducing impact of price increases (presentation) 285

- see also ‘Power Subsidies’

Equity 124

Evaluation 136

- Research and evaluation in social security (presentation) 275
- Measuring organisational performance (presentation) 286

F

Families

- Family and household income 159
- Income test thresholds 158
- Income testing 36

Finance issues in social protection (presentation) 273

Food programs

- Controlling the price of food 238
- Donations of food to individuals 248
- Feeding programs 251
- Food supply programs 236
- Food vouchers (food stamps) 252
- Controlling prices 238
- Fortification 237
- Nutrition programs 201
- Nutrition supplements 250
- School Feeding programs 249

Fraud prevention

- Overview 103
- Administrative fraud 107
- Administrative fraud controls 108
- Information fraud 106
- Payment fraud 105
- Revenue fraud 104
- Social inspectors (presentation) 276

Funding overview 232

G

Gender in social protection 194

Geography – targeting by 155

Groups – programs for different 230

H

Health insurance 228

Housing assistance overview 212

- Community housing 269
- Encouraging home ownership 265
- Encouraging investment in housing 258
- Grants for housing 266
- Increasing supply of housing 267
- Influencing the price of housing 260
- Low start loans 268
- Micro-finance for housing 261
- NGO housing 257
- Payments for high housing costs 253

- Public housing 262
- Reducing transaction costs 254
- Regulating rents and lending 263
- Shared equity 255
- Subsidised loans 264
- Sweat equity 256
- Tax concessions 257
- Tax deductions for interest payments 270

Housing in developing countries 259

I

Incentives and disincentives

- Overview 127
- Disincentives to take any job 176
- Disincentives to work 175
- Incentives to prolong job search 177
- Incentives to reduce hours of work 178

Incidence 125

Income (see also “means tests”)

- Defining 166
- Income support payments 187
- Investment income 186
- Lump sum payments 185
- Non-cash income 184
- Non-wage income 167
- Other income assessment methods 188
- Period of income 169
- Received or earned 161
- Targeting by 141
- Taxable income 168

Income support

- Types of programs 3
- As a type of income 187

Income tests – see means tests

Information technology

- Overview 115
- Architecture 116

Income tests (see means tests or income)

Information – sharing 114

Inspectors (presentation) 276

Institutions for children 245

Insurance – private 216

International overview of social protection (presentation) 272

J

Job creation schemes 199

Job matching programs 214

Job search assistance 224

K

L

Laws and conventions 225

Legal issues

- Overview 109
- Appeals 163
- Detailed definition of policy 111
- International conventions 225
- Legal basis for safety nets 157
- Legal philosophies 110
- Offences and penalties 113
- Rules 112
- Scope for discretion by officials 162
- Sharing information 114

Links to social protection sites 292

Local government – safety net administration by 151

Local rationing – targeting by 146

M

Management and analytical techniques

- Overview 130
- Data standards 132
- Developing new policy proposals 137
- Evaluation 136
- Modelling 133
- Project management 131
- Research 138
- Strategic planning 134
- Surveys 135

Market economy – social security in a market economy (presentation) 289

Means tests (see also income)

- Overview 129
- “All or nothing” tests 179
- Dollar for dollar withdrawal rates 180
- Family and household income 159

- For families 36
- Income cut-off points 174
- Income test design 171
- Income thresholds 173
- Income thresholds for different size families 158
- Means tested and universal child benefits 35
- Other income assessment methods 188
- Tapered income tests 181
- Targeting by income 141
- Withdrawal rates 170

Merit-based programs 200

Micro-finance 172

Micro finance for housing 261

Modelling 133

Mutual support schemes 226

N

National governments – safety net administration by 149

New policy proposals 137

Non-government organisations (NGOs) – see community groups

Nutrition programs 201

Nutrition supplements 250

See also food programs

O

Outsourcing – overview 95

- Contracts 101
- Managing relationships 100
- Presentation on outsourcing issues 274
- Preventing problems in outsourcing 240
- Procurement – initial stages 97
- Procurement – final stages 98
- Selecting functions for outsourcing 96
- Software maintenance contracts 101
- Welfare services 11

P

Payment levels

- Retirement pensions 43

People with disabilities

- Overview 189
- Self-support programs 190
- Definition overview 191
- Defining disability for help with daily living 192
- Defining disability for income support 193

Policy development

- Developing new policy proposals (presentation) 278
- Structural change and reform (presentation) 277
- Why policies fail (presentation) 280
- Changing priorities in social protection (presentation) 282
- Reducing expenditure (presentation) 281

Poor – assistance to 139

- identifying poor families (presentation) 279

Population ageing 126

Poverty

- Poverty measurement 128
- Assistance to the poor overview 139

Project management 131

- Managing a social protection reform project (presentation) 287

Provincial/ regional governments – safety net administration by 150

Procurement

- Contracts 101
- Final stages 98
- Initial stages 97

Power subsidies 15

- Consistency with other social protection programs 29
- Coordination of strategies 26
- Cost of living implications 28
- Designing specific schemes 25
- Flat-rate compensation 21
- Lifeline tariffs 16
- Power cross-subsidies 18
- Preventative measures 19
- Principles of compensation strategies 24
- Social dividend compensation 22
- Social justice implications 27
- Subsidising power expenditure 20
- Wage policy 23

Presentations listing 291

Preventative social programs 12

Programs for specific groups – overview 230

Q

Quotas – employment of disadvantaged groups 218

R

Remote access to services 10

Regulations (see legal)

Research 138

Research and evaluation in social security (presentation) 275
Rules – responsibility for setting 160

Retirement pensions – overview 37

- Administration 58

- Eligibility 38
 - o Contributions history 40
 - o Retirement ages 39
 - o Rules for special occupations 41
 - o Safety net supplements 42

- Funding 53
 - o Collection of funds 55
 - o Investment 57
 - o Maintaining viability of schemes 56
 - o Pay as you go and fully funded systems 54

- Levels of pensions 43
 - o Adjusting pensions 49
 - o Calculating initial pension 44
 - o Community wages links 47
 - o Contributions-related 48
 - o Length of contributions 46
 - o Lump sum payments and annuities 52
 - o Other factors affecting pension levels 50
 - o Previous earnings 45
 - o Supplementary pensions 51

S

Safety nets

- Overview 139
- Assistance to the poor 139
- Legal basis 157
- Responsibility for administration 148
- Social assistance 204
- Targeting 140
- Type of assistance 223
- Voucher programs 222

Savings

- Compulsory savings 210
- Encouraging voluntary 197
- National savings schemes 215
- Private pension funds 202
- Provident funds 203

Self-employed

- Overview 182

– Definition 183

Self-employment schemes 227

Self-selection – targeting by 145

Sickness programs

- Overview 217
- Health insurance 228
- Income support 198

Social assistance (see safety nets)

Social insurance

- Overview 219
- Comparison with other approaches 233

Social Security

- Social security in a market economy (presentation) 289

- Power cross-subsidies 17
- Preventative measures 19
- Principles of compensation strategies 24
- Social dividend compensation 22
- Social justice implications 27
- Subsidising power expenditure 20
- Wages policy compensation 23

Surveys 135

Sweat equity 256

T

Targeting

- Overview 140
- by assets 142
- by category 143
- by community or ethnic group 147
- by consumption 144
- by geography 155
- by income 141
- by local rationing 146
- by self-selection 145
- by work 156
- identifying poor families (presentation) 279
- methods of targeting (presentation) 290

Taxable income 168

Tax concessions for housing

- tax concessions on sale of housing 257
- tax deductions for interest payments 270

Typology of approaches to social security

- part one 233
- part two 233_1

Types of social protection programs 229

Technology

- Overview 115
- System architecture 116

Training programs 221

U

Unemployed – see unemployment assistance

Unemployment assistance

- Overview – programs for the unemployed 206
- Overview – income support 59
- Overview – employment programs 211
- Unemployment Assistance (presentation) 284
- Administration 75
- Categories of workers 63
- Contributions 61
- Coverage 60
